### COMMERCIAL CLUB

Held Tuesday Night at the Eagles Club Rooms.

President of the Dodge City Club, Mayor G. M. Hoover, after a meeting of the club at the home on Tuesday night. There were matters before the club of immediate attention.

The committee has arranged a dance with Mr. Mudge of the Medicine Lodge and Dodge City.

The dance will be held on the line and will be from Medicine Lodge to Lake Arthur than that the company but no definite information as to the date of the dance will call on the manager of the road before long.

### AREPRESENTATIVE

WILL PROBABLY BE SENT TO FORD COUNTY FROM ENGLAND

BY THE ENGLISH SYNDICATE

To Look After Their Interest In the Soule Ditch. May Be Valuable Property.

The English syndicate which owns the Soule ditch which runs through Gray and Ford counties will soon sit up and take notice of things in this part of the country. Three changes have taken place in this country which will speedily bring about this result.

The first is the present probability that the Soule ditch will wriggle its way into the Kansas-Colorado suit, and be recognized as having prior rights to most of the Colorado ditches to the water of the Arkansas river.

The second is the certainty that this territory will be one of the leading sugar producing district of Kansas.

The third is that this country now has a permanent settlement, and is recognized everywhere as a farming country, second to none in wheat yield.

When the Soule ditch was established things were very different. The prevailing idea here, and more particularly further east was that this part of the country was intended only to raise buffalo grass for the cow men.

Now the cow men have quit the cattle business and are raising thousands of bushels of wheat every year.

The people in the counties further east have decided that this country will produce more wheat than their own lands and are buying farms and locating in Ford county.

Under these conditions the ditch here should be valuable property, and it is not likely that the English syndicate can let them lie idle and hold their rights. If no further notice is taken of them by the owners they will find their way upon the tax roll, and soon slip away from their present ownership.

All of these things no doubt have been recognized by Mr. Ware who is the American representative of the English syndicate, and he has taken the matter up with them by correspondence, and has recommended that a representative be sent here from England to investigate the situation with a view to operating the ditches.

Such an enterprise in connection with the sugar beet industry, which is now an established success in Western Kansas and Eastern Colorado opens up great possibilities for this section of country. It is something that can be figured upon as a business proposition, and for that reason a movement in this direction may be looked for.

### LAND RUSH CONTINUES.

During Past Quarter 788 Government Claims Were Taken.

The rush for Government lands has been increasing at an amazing rate. The homestead filings at the Dodge City land office for the quarter just completed numbered 788. During the same quarter for the year preceding there were 398 entries and that seemed like quite a rush at the time. Yesterday 85 claims were filed upon at the office here.

There is good reason for this unusual scramble for Government land just at present. The country in this district has been settling up, and wheat farms have been opened which have been producing wonderfully well. In Ford county, wheat has yielded better than it has in the counties further east where land costs \$50 per acre. When land is producing all the way from 15 bushels to 40 bushels per acre, as it has done here, and is selling for from \$6 to \$12.50 per acre, people very naturally want to buy it, and when there is Government land not far away it is not to be wondered at that there is a scramble for it.

To Cure a Cold in One Day.

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25c.

### REGISTER EARLY

UNDER THE NEW LAW ONCE REGISTERED ALWAYS REGISTERED

UNLESS YOU CHANGE LOCATION

Makes More Work at Clerk's Office. An Early Registration Desired.

There are changes in the registration law and it is of importance that every one should register early this year. People who own their own homes and live continually in one place, if they vote at each election will not have to register every year as heretofore. The names of such voters will be forwarded by the city clerk for the next election. This will make considerable work for the officer but will relieve the voter from going to the clerk's office to register each year. Everyone must register this year however and the sooner the better.

The following notice is furnished by the city clerk, regarding the new law:

Be it enacted by the legislature of the State of Kansas. Section 1: That section 72 of chapter 17, being section 875 of the general statutes of Kansas of 1901, be amended to read as follows. Section 72: It shall be the duty of all legally qualified voters of such city after the opening of the books as herein provided, to apply to the city clerk or election commissioner, in cities having such commissioner, to be registered therein, at any such time or times as said books shall be opened for that purpose as provided in this act, and such registration, when made as in this act provided, shall entitle such voters to vote in their respective wards, if otherwise legally qualified; as long as such voter shall continue to reside at the same

### PALACE DRUG STORE

### DRUG QUALITY

The dawn of the new year finds us with all our old customers and many new ones. Each year demonstrates by the increase in our trade that our drugs are quality drugs. If it was not so our trade would not increase so.

We are going to give you such pure drugs and increasingly good service the coming year, that will merit all your trade.

### PINE & BOND DRUG COMPANY

street and house number and shall vote at each succeeding election he or she shall not be required to re-register; but if any voter so registered fails to vote at any succeeding election, his or her name shall be dropped from the list of registered voters; or upon the removal of any voter from the house or street number from which he or she may have registered, he or she shall personally appear before the city clerk or election commissioner as aforesaid and be re-registered. If such voters are otherwise legally qualified, and they have caused themselves to be registered as required by this act, such registration shall be prima facie evidence of the right of such voters to vote at any election held in such city subsequent to such registration.

The registration books of the City for 1906 are now open for registration at City Clerk's Office. Office hours from 9 A. M. to 4 P. M., Sundays excepted. I would respectfully urge upon voters the necessity of an early registration. By so doing you will avoid any errors that are liable to occur during the rush immediately preceding the Spring election.

S. GALLAGHER, JR., City Clerk.
